

## We have started the project - and we NEED you!

Artist in Residence [Simon Ryder](#) has got talking with some local people and would love to meet more – for two good reasons:

1. To discuss his art with you and hear from you about living in the Forest of Dean
2. To help you learn to blog, if you think you or your group may find it helpful. [Carolyn](#) will help with that too.

### Mitcheldean Community Library

10.00-12.00am

Monday 3<sup>rd</sup> June and Monday 17th June

### Newnham Community Library

2.00-4.00pm

Monday 3<sup>rd</sup> June and Monday 17th June

Flow Contemporary Arts is delighted to have been awarded funding from Forest of Dean Local Action, part of the RDPE programme for England, to initiate the 'Cabinet of Local Change' project at two community libraries, during May and June this summer.

Why not come and find out more?  
It's relaxed and friendly and FREE

Newnham Community Library

Mitcheldean Library

Simon's research begins (sample from blog)

"Back in the Forest today, and looking at ways of working with wood to make the cabinet for the libraries. I have been researching how the final design might become freely available (under a Creative Commons license) for anyone to use. So this has led me to designing it in the computer, the components then to be cut out of sheet ply – a sort of cabinet-of-change Airfix kit."
